OREGON COLLECTORS!

- I recently purchased a cache of 52 tokens from Medford. They had been located in Nevada City CA where they apparently lay in a jor untouched for a number of years. There were eight types, six from OTTO'S CLUB and two from QUIZ. I have sold some and the remaninder are offered here on a first come, first served basis. Insofar as I can tell they have not been previously known.

I have a few 1977 Colorado Merchant Token catalogs left. Prices are: Hardcover - \$15.50, looseleaf - \$9; 1979 supplement - softbound - \$5.75, looseleaf - \$4.75. Prices are postpaid. Quantity lots to dealers at significantly reduced prices.

I will trade the above items including catalogs for Colorado or New Mexico merchant tokens I need, or for Tex, Nebr, Ind, or dairy tokens I can trade.

I also want Colorado State coins distributed through ALPHABITS cereals (I need about 50 of these). Also would like personal tokens made for A J Ferraro, Robert Rieder, F G Smith, Donald Mazeau (plastic), Clarence E Heppner, R J Hudson, Ray Byrne, and Bob Paige.

I also collect:

- encased stamps from the 1940's & 50's
- cardboard tokens from any state
- postcards showing small town business sections (pre-1916) in Colorado & New Mexico
- maverick tokens with Larimer St, Curtis St addresses
- maverick tokens that have reverses such as "In / 5¢ / Trade", or "In / 12½¢ / Trade"

Lee Nott P O Box 3130 Fairview Heights, IL 62208

Hundreds of merchant tokens have been issued for Chicago. There are many reasons for this great population. One is it was home to major die and token manufacturers such as S.D. Childs. Another is the popularity and profusion of a gambling game referred to as "26".

The game was played with 10 dice. The player choose a number from 1-6, you had 13 throws to obtain 26 of your points. During WWII, when it cost 25¢ to play, the payout was \$1.00 for scoring 26 or more. You could also win \$1.00 by scoring 11 times or less. If your point was rolled 33 or more times the payout doubled to \$2.00. I was told recently that a player averaged a \$1.00 win every 5 games, thus the odds were 5 to 4. The catch is that the winnings were paid out in tokens that could only be used in the merchants establishment. It doesn't take an MBA to see the profitability of the game that hundreds of bars, restaurants, and other establishments were offering it by the late 1940's.

The game was usually operated by a woman. Most had good looks and glamor girl personality. Often they doubled as B-girls, singers, or dancers.

The easy money often attracted the unsavory personality. Prostitution and theft were common. Police and public officials were often bribed to look the other way.

I would be interested in corresponding with others who have an interest in the game and/or Chicago merchant token.

TERRITORIALS, POST TRADERS & SALOONS

I'm a serious collector of Territorial tokens from Wyoming (W.T.), the Dakotas (D.T.), Montana (M.T.), Arizona (A.T.), Washington (W.T.) and most other Territorials ... except for Oklahoma. I will pay \$200.00 and up for ANY Territorial token and into 4 figures (\$1,000 plus) for the rarest of the rare.

Also wanted: Post Traders, Salcon tokens (including saloon "mavericks" ... send 'em on ... I'll pay good money for saloon mavericks), early classic style military tokens, and rare Alaska tokens - particularly the gold nugget tokens. I'm quite willing and able to pay TOP market price. Contact me.

I also avidly collect mavericks and will pay good prices for your accumulations of nice old mavericks ... one or hundreds of 'em. I'm not afraid to pay \$5, \$10 or much more for a maverick that has a nice style and appeals to me.

Note: I will also trade to obtain good tokens for those few of you that don't place any value on cash money.

WANTED TO BUY

Lumber Company Tokens

I need tokens from the following companies to fill in the gaps in my collection of lumber tokens from the Great Lakes area. If you have any that you might wish to sell, please write regarding company/denomination/condition and I will make an offer.

- Mercer DeLaittre Lbr. Co. (calderwood)
- Wisconsin Land & Lumber Co. (Hermansville)
- R.F. Gibbs & Son (Gibbs City)
- Sagola Lumber Co. (Sagola)

Wisconsin:

- Goodman Lumber Co. (Goodman)

- Connor Lumber & Land Co. (Laona)

John P Case - 453 E. Hewitt Ave. - Marquette, MICHIGAN 49855

Having lived in Greensboro, North Carolina for almost ten years has given me the opportunity to acquire many area dairy tokens. As is often the case with so many dairy tokens a majority come to us as mavericks. Luckily, however, the dairy mavericks I have acquired over the years have been attributed via their former owner.

The 1920's and 1930's saw many, many independent dairies scattered throughout what is known to-day as the <u>Triad</u>, i.e. the cities of Greensboro, High Point and Winston-Salem located in piedmont North Carolina. In particular Greensboro had its lion's share of the small independent dairy farms, in fact 28 were located within or just at the city limits.

One example among the many in the area was the Textile Dairy established in 1915 on the White Oak Mills property by Cesar Cone, part of what is now Cone Mills, Inc.. The farm, located on seventy-five acres approximately three miles from town, produced about 250 gallons of milk and milk products daily for home deliveries to the employees of the mill village. It closed in 1935 and was later sold to Pet Dairy.

Guilford College, now within the corporate limits of Greensboro and the area surrounding the college, once boasted to have seven dairies. One of these small dairies started in 1913 by George Coble was Sunny Hill Dairy It operated successfully through the 1920's and into the 1930's and was eventually sold to Coble's brother Walter, founder of Coble Dairies, one of the larger milk processors in the Piedmont.

OBV. HENRY MEADER / THE / BIG MUG / HOUSE

JOSEPH SCHMIDT

REV. NOT GOOD / (MUG OF BEER PICTURED) / FOR A MUG

BRASS 28MM ROUND

From Richard Coy another odd token he obtained from a Louisville party. Can anyone attribute this? Why would Mr. Meader issue such an attractive token only to have it not good for what is pictured? Is this a prohibition piece designed to remind customers he did have beer? I find this unlikely, but there is no doubt that this piece again proves that exonumia is constantly entertaining! If you've any info on this piece, write me or Rich at 374 Lawnview Dr., Morgantown, W. VA. 26505. We'll both appreciate any help!

OBV. JOHN SLOW / GARDNER, ILL.

REV. GOOD FOR / 10¢ / IN CASH

BRASS 26MM OCTAGONAL

Fred Zinkann of Montgomery, Il. sent in this one with these comments:

"On the John Slow piece you might clarify what made a token

illegal! Isn't redemption in cash frowned upon by the treasury?"

Good point, Fred! I thought the same. This is not a pre civil war token and to the best of my knowledge this wasn't legal. Even our friends at the NSCA inform us that tokens for redemption in coal company stores was given to their employees was deemed illegal. Why was this piece issued for redemption in cash and not merchandise or trade? Hope you readers can help on this one.

REV. GOOD FOR / 5¢ / IN / KODAK WORK

ALUMINUM 22MM ROUND

Fred Zinkann of Montgomery, IL. sent in this and wonders what RADIO PHOTOS are - as do I! It seems that many unusual tokens are mavericks and this is no exception. Bill Rodgers of Kentucky would know what a radio photo is, perhaps we'll hear from him. Bill is evidently an excellent photographer and an ardent collector of photographic exonumia as well. This is another unusual "good for" in case I need remind the reader! It must be an older token for it to be good for a lowly nickel in Kodak work.

BI-METAL 25MM ROUND

Phil Klabel of Peru, IL. sent in this rubbing of an unusual bi-metal. What is the significance of the joined squares with the bottom one x'ed out? Could it be a signal concerning vacancies? I can only hope a reader will provide the answer! Do you want your unusual token featured? Send me a good rubbing and I'll try my best to include it in a future column.

VOTE FOR JOE SCHMIDT FOR THE TOKEN AND MEDAL SOCIETY BOARD OF GOVERNORS

I hope you'll vote for mefor TAMS Board member - I think I have the credentials. I've been an exonumist for 12 of my 39 years, run mail bid sales, a coin & antique store and am a writer and, of course, a collector. I've penned over a dozen articles for the TAMS journal and a catalog supplement, many articles for METCA and a supplement on counterstamped coins with George Owen. My METCA column "ODD & UNUSUAL TOKENS" is entering its 5th year and I've written articles for the ATTS, NSCA and others. My contributions to other exonumia works stands at six. Further, I'm finishing a book "SALOUN TOKENS OF AMERICA".

Well, credentials don't mean everything! I'm proudest of having identified over 200 mavericks for exonumists and personally replied to over 1,000 of your letters over the years. Many Board members past & present haven't time for writing you & many have never identified a maverick! This is helping the members? As a man with a business degree who has run shopping centers I think this experience in retail & management comes into play. Most important, I'm a down to earth type who will always have time to hear from you and reply, just as I've done for many years. Do you now feel you can write a TAMS board member and suggest an idea and have it acted upon? If not, mark an X next to my name on your TAMS ballot. I must point out that your 20¢ elects a board member for 2 long years, so please send in your ballot even if you don't want to vote for me. After all, it's a shame to have only a third of TAMS members elect board members! Elect me and then send me YOUR ideas about how to better the Token & Medal Society. I'll reply and you'll get credit for your ideas. I can't report to you via the TAMS journal due to the fact this type of message is not allowed, but I'll use these pages.

Please give me your support and I'll support you in turn - fully and to the best of my ability - count on it!

Thanks, Joseph Schmidt

RETAIN GEORGE R. OWEN!

I've served you for one term, or two years, as a TAMS BOARD MEMBER and written hundreds of letters to you; helping with projects and encouraging ideas. I made the following proposals: a Miller storecard replacement book to update the now expensive, difficult to obtain and archaic 1962 work. Your letters asked for it, but the proposal was rejected. I proposed a study for the eventual need for a TAMS museum (the 21st century is only 18 years away!) and campaigned for the standardization of exonumia terms. All proposals designed to help you! It is unfortunate that other Board members didn't agree because I was putting forth ideas that were suggested by TAMS MEMBERS! I ask for your vote so I can continue to represent your interests and yours alone. Last year some board members wanted to eliminate the President's medal (A lot of money is wasted having these many extras lying around) and others opted for continuing the present system. I sought to take these medals on an order basis, thereby eliminating wasted money and medals while contributing to the TAMS tresury. Please mark an X next to my name on the TAMS ballot and let me continue! Other board members have asked me to continue with my work. I'm a proven TAMS board member who'll work for you!

Sincerely, Serys & Ower

The tokens listed on this and the following pages are available in trade for tokens I need. I collect all Minnesota (except wooden & paper items), all Portland, Oregon and one from a town from ND, SD, NE, KS, IA, WI and IL. also collect civil war storecards. I solicit trade offers from you and ask that you describe your token(s) fully and offer a specific trade. This will save us both time and postage.

For those of you without traders, I will consider CASH OFFERS for any of the tokens listed. Some of the tokens listed are common and worth only a dollar or two while others are quite rare and worth \$100.00 or more. Please

try to be fair in your cash and trade offers.

It'll work as follows: (1) I'll This is not an auction in the usual sense. immediately consider trade offers as received and, if acceptable, will immediately complete the trade without waiting for subsequent trades; (2) I'll hold cash offers for 30 days and, if acceptable, will complete the transactions if no decent trade offers have been received; (3) where acceptable trade or cash offers haven't been received, I'll retain the token. With this in mind, please save this list as a trading list. You may find a token I need a month or so from now and the item you want may still be available.

SPECIAL NOTE TO BEGINNERS - I know that many of you do not have traders. will seriously consider cash offers. Don't be shy.

SPECIAL NOTES - MONTANA is listed at the end of the list. Somehow I got this state out of sequence. MICHIGAN, INDIANA and OHIO are not listed as I'm still trying to decide whether to collect these states by town. I have traders (mostly coal) from VA, WVA, TN and KY but did not list them. I would appreciate your want list for those states. I have no tokens from HAWAII, DELAWARE or D.C. I believe most states not mentioned above have some representation on my trade list. I hope all of you can find something you need.

SEATTLE TOKENS WANTED

TOKENS FOR TRADE--CASH OFFERS CONSIDERED. The following tokens are available for trade for Seattle or King County, WA tokens I can use. There are many King County towns that are not "rare" from which I can use anything at all (e.g., Renton, Bothell, Issaquah). I am also interested in less common tokens from the common towns (e.g., Auburn, Enumclaw, Fall City, Kent, North Bend, Selleck, Tolt). Cash offers will be considered, but would like at least some effort at trading. Mavericks are just fine, if attribution is verifiable.

ALSO LOOKING for tokens made by VAAS & CO., SEATTLE. All that I have seen are brass, 21 mm, with the maker's name on the reverse. date from around 1897-1905, and many are Seattle. Let me know if you have any of their mavericks, and I will do my best to attribute them.

MERCHANT TOKENS OF WASHINGTON, D.C.

By David E. Schenkman

This deluxe hardbound eighty page volume (8½×11" format) catalogs nearly two hundred tokens from Washington, D.C. In addition to complete descriptions of the tokens, a price guide has been included. The book is extensively annotated with historical information about the token-issuing merchants. Over 75% of the tokens listed are illustrated, and the advertisements of many merchants have been reproduced.

Your copy will be autographed by the author on request.

TERRITORIALS, POST TRADERS & SALOONS

I'm a serious collector of Territorial tokens from Wyoming (W.T.), the Dakotas (D.T.), Montana (M.T.), Arizona (A.T.), Washington (W.T.) and most other Territorials ... except for Oklahoma. I will pay \$200.00 and up for ANY Territorial token and into 4 figures (\$1,000 plus) for the rarest of the rare.

Also wanted: Post Traders, Salcon tokens (including salcon "mavericks" send 'em on ... I'll pay good money for salcon mavericks), early classic style military tokens, and rare Alaska tokens - particularly the gold nugget tokens. I'm quite willing and able to pay TOP market price. Contact me.

I also avidly collect mavericks and will pay good prices for your accumulations of nice old mavericks ... one or hundreds of 'em. I'm not afraid to pay \$5, \$10 or much more for a maverick that has a nice style and appeals to me.

Note: I will also trade to obtain good tokens for those few of you that don't place any value on cash money.

Mavericks anyone?

This group of mavericks is a selection of some of the most interesting, or most likely to be identified, mavericks out of a much larger group that ended up in Washington State. Many of the "local" ones have already been identified and are not included here. Also not included are ones already identified out of standard sources like the TAMS maverick list, or catalogues for California, Colorado, Alaska, and a few other states. Many that remain are clearly from the East or Midwest. There may be a few very choice items--this lot has already led to discovery of a token from a new Alaska town.

These tokens are available for trade, for Washington State tokens from Seattle and vicinity (e.g., Auburn, Ballard, Baring, Bothell, Cumberland, Duvall, Enumclaw, Issaquah, Kent, North Bend, Redmond, Renton, Skykomish, Snoqualmie, Tolt) or from Southeast Washington (e.g., Dayton, Waitsburg, Starbuck, Asotin, Pomeroy, Prescott, Uniontown, Colfax, Touchet, Clarkston, Colton, Palouse, Garfield, St. John, Cloverdale). Other trade offers will be considered, but if you want to trade for a maverick you have to identify it first.

Will greatly appreciate any i.d.'s, with or without a trade offer. I will be happy to supply rubbings, as bad as mine are, for an SASE. GOOD HUNTING!

A CHICAGO SHOW/CLIFFORD SALE REVIEW by Alan Weinberg

It's been a busy week for exonumia. First, the Chicago show put on by Paul Cunningham, Rich Hartzog, and Joel Reznick. Then, Bowers and Ruddy Galleries' Henry Clifford collection auction containing Mr. Clifford's Western states military, Indian and Post Trader tokens ably catalogued by Dr. George Fuld, an exonumist recognized and appreciated by all of us.

I had the good fortune to attend and participate in both events. I thought you readers would be interested in my observations, opinions, and some of the startling results of sales and their apparent impact on our hobby's future.

First, the Chicago show (March 12-14th). A very well planned and executed event with superb bourse facilities (wide aisles, carpeted floor, excellent lighting) and unparalleled publicity exposure in the various collecting media. There was an incredible variety of bourse offerings ranging from advertising novelties, dolls, pinback buttons, political collectbles, exposition items to trade tokens, Civil War and Hard Times tokens and historical medals. I'm told there was a paid-at-door attendance (entry fee over \$2.00) exceeding 1,500 people. I tell you, folks, opening day found the aisles jammed with active buyers. You wouldn't think our ecenomy was in the midst of a severe recession No, sir!

I heard nothing but enthusiastic comments from collectors and dealers alike (virtually all dealers are also avid collectors...they can no longer be successful dealers when they lose their taste for collecting). Dealers and collectors attended the show from the reaches of upper New York state to

Southern California, from Washington state to Florida.

Some of the familiar faces in the field of exonumia: Ben Fauver (who had fun with his very first bourse table), Paul Bosco, Milt Heitman, Mike O'Hara, Glen Firestone, Steve Tannenbaum and Rich Rossa, Jerry Schaeper, Tom Durkin, Dave Schenkman, Steve Alpert, Joe Schmidt, Fritz Rohrman, Jim Shipley, Walt Alcott, "Doc" Carberry, Kurt Krueger, Tom Hitt (dressed in coal miner's overalls and miner's helmet with light), Gay Lipscomb, Walt Korzick, Larry Elman, Robert Williams, Bruce Smith, Les Burzinski, hosts Paul, Joel and Rich, your author, and so many others in related collectible fields.

On top of a splendid bourse, we attended Paul Cunningham's auction and, surprise of surprises, a thoroughly exciting doll auction held by Kurt Krueger. Some of the token collectors found their way to this sale by fortunate accident and, lo and behold, found themselves bidding! Larry Elman, Les Burzinski, Doc Carberry, myself and others were avid buyers of certain dolls of interest (someone said something about "bringing the dolls up to our room for the night" boy, I'm glad nobody taped that comment...it wouldn't have sounded "kosher" to our wives). Les bought some Eskimo dolls, I got a 1930's "black art" Uncle Tom doll and you wouldn't believe the floor battle over some of the Walt Disney character dolls. Boy, I sure should have kept my hand up on that set of Disney's Seven Dwarfs.

What was in demand at the Chicago bourse? Columbiana, CPIE, Illinois trade checks, KKK collectibles, advertising mirrors, military tokens, saloons. etc.

Prognosis of our hobby based on my experiences and observations at the . Chicago show? Strong and healthy with minimum apparent effect by our current recession...totally unlike the devastated coin hobby.

One qualification, one disconcerting note. As Larry Elman and I observed, never before have we talked to so many collectors who commented that they were currently unemployed. They were still spending money. Still actively collecting. But a little more cautiously. Much of the material that was selling was in the less-than-\$50 category. Expensive material did not sell quite as readily as it did 2 years ago.

The following weekend Larry and I attended the Bowers and Ruddy Henry Clifford auction (March 18-20th) in Los Angeles. A very fine selection of Post and Indian traders, territorials and related Western military tokens. Larry, Paul Koppenhaver, Ben Fauver, Bill Anton, George Fuld, Harv Gamer,

John Hamilton, John Ford and this author were the only familiar token enthusiasts attending. Still, "the book" (mail bids) were strong, amazingly strong, just as experienced at the METCA Forrest Dunham Seattle auction where

Bary Bender ably represented the METCA mail bidders.

The tokens in the Clifford auction enjoyed heavy competitive bidding with resulting extraordinary prices, in contrast to this auction's Pioneer and Territorial Gold which fared mediocre at best. Pieces in the latter category estimated at 30-40 and 50 thousand dollars sold to a very few buyers at prices generally only one-fifth to one-fourth (yes, 20% to 25%) of the auction catalogue estimate. This "price failure" was not due so much to a bad economy as to other "technical factors" too complicated to go into here.

In contrast, the tokens generally bought 2 to 3x and even 4x estimate although the auction catalogue estimates were not themselves unrealistic.

At the start of the sale, this author was approached by a "prominent collector" who offered to "back off" tokens not of primary interest if I would permit this "prominent collector" to buy the John London Post Trader 10¢ Fort Laramie W.T. and the C.A. Weidman Post Trader 25¢ Fort D.A. Russell Wyoming Ter. without my contesting his bids. Since these two tokens were clearly the "cherries" in the sale and of paramount importance to me, I politely declined. The resulting prices were enormous: \$1300 and \$1400 respectively. Plus the 10% "buyer's fee". Whoo-ee! Well, folks, it's only money. What I said after the sale goes - twice or thrice the money wouldn't locate duplicates.

Consistently, the desirable (and even the less desirable) tokens went strong. The 2 sets of the 3 denominations of W.A. Carter Fort Bridger sold for \$300 and \$210 to "the book" (mail bidder). High for "hoard" pieces. The J.K. Moore Post Trader Camp Brown tokens sold for \$30, \$60 and \$65. Also

strong for a "hoard" piece.

But the creme de la creme - the good stuff. WOW! S.E. Ward Sutler Ft.

Laramie D.T. 50¢ and 25¢ each sold for \$375 plus 10%.

The S. Sulnon Post Trader Ft. McIntosh (Tex) 25¢ at \$425 plus 10% on the The J. Wanless Fort Sanders D.T. 1868 shellcard (dozens known, a "hoard" piece) at \$400 plus 10% to a mail bidder obviously unaware or uncaring of this piece's status.

The Geo. L. Cook Post Trader 50¢ Ft. Wingate N.M. at \$450 plus 10% to the floor. The prooflike Durfee and Durfee & Peck various denominations ranged from \$220 to \$350 plus 10% on the floor. The comparatively common Lee & Reynolds Camp Supply I.T. \$1 at \$275 plus 10% on the floor. The Lee & Reynolds Cheyenne Agency charging bison at \$300 plus 10% on the floor. The Lewis & Pickett Sac & Fox I.T. 50¢ at \$325 + 10% on the floor. The Fort Huachuca (Ariz) Canteen 5¢ at \$200 plus 10% on the floor (Birt cat \$30). Fort Niobrara (Neb) Post Trader 10¢ at \$300 plus 10% to the

mail bidder. Whipple Bks Arizona 50¢ at \$425 plus 10% on the floor (Birt cat "scarce"). A J.A. Mullen Indian Trader Halloysite Ariz \$1.00 at \$400 plus 10% on the floor (Birt cat "rare" but some have been coming out of the woodwork and the price seems excessive).

The J.L. Polhemus Sacramento counterstamp on a very worn 1856 50¢ at \$150 plus 10% on the floor. The very rare 1856 San Francisco Vigilante silver medal at an extraordinary \$3,000 plus 10% on the floor.

The prognosis of the token market based on my experiences and observations

at the Clifford sale - healthy, strong and enthusiastic.

With one caveat (that's Latin for "warning"). Prices are reaching a level that will alienate and drive out of the hobby alot of down-to-earth serious collectors who earn an hourly wage or a middle class living. This upward spiral will slowly (or maybe not-so-slowly) create a small elite class of collector for the good militarys, Indian and Post Traders, territorials and saloons. With the rapid rise in prices of Civil War and Hard Times tokens, we've seen this "strangulation of the market" already occur to a limited extent.

Let's all remember that this is still a hobby. Let's not permit what happened to coins to happen to tokens. Isn't that why many of us got into token I guess I'm as guilty as anyone in driving up prices. I was the major buyer of the Clifford collection tokens. And I didn't feel at all comfortable or wise paying \$1,300 and \$1,400 for territorial, Post Traders. Of course, I didn't have any control over my underbidders and I dearly wanted the tokens. And, as I said before, double or triple the price wouldn't locate duplicates. But there has got to be a limit!

Alan

The status of the March show as the largest exonumia show in the nation will be surpassed in August. The Summer National Collectibles Exposition will be held in Boston, MA, on August 14 & 15. The show will be held the weekend prior to the opening of the 91st Anniversary Convention of the American Numismatic Association. The Expo will be at the Boston Plaza Castle, only a few blocks from the ANA Convention.

Nuff said.

There are 128 booths at the Summer show, with a rapid sell-out expected. Already three public auctions are scheduled, with Rich Hartzog, IL, Paul Cunningham, MI, and Kurt Krueger, WI, offering token, medal, and exonumia sales on Saturday and Sunday evenings.

The 1983 March NCE is scheduled for March 19 & 20, also with 76 exhibitors returning to the Ramada O'Hare Inn. A winter NCE is scheduled for December 11 & 12, 1982, at the McCormick Inn in Chicago. Collectors and exhibitors wishing further information should contact:

ATCO - Active Token Collectors Organization - Dues - \$9.00 / year. Write P.O. Box 1573, Sioux Falls, S.D. 57101.

The Copperhead Courier, journal of the CIVIL WAR TOKEN SOCIETY, summer 1982 issue, contains a five-plus article on CWTs - "Auction Notes" by Gary Pipher - PR's on select Civil War Tokens appearing in various auctions.

The annual CWTS Meeting - held in conjunction with ANA in Boston, MA - meets at 9 A.M. on Friday, Aug. 20th, at Liberty C Room of the Liberty Complex. This is in the Sheraton - Boston Hotel.

Ben Odesser reports that METCA Member #750, Ron McFarlane; passed away on June 8th, 1982. Den notes, "Ron was a wonderful guy and I'll miss him terribly: He also was the top collector of Chicago Trade Tokens in the country". "He was only fifty-four, having just retired as a lieutenant from the Chicago Police Dept. He had six children and six great grandchildren. He lived all his life in an inner-city neighborhood called 'Canaryville'".

A few days after the last issue of Trade Token Topics was sent out one of the "giants" in Pacific Northwest token circles passed away. Eugene Michael Kirschten, NETCA " 234, passed away May 1, 1982 in La Grande, Oregon. Gene actively collected Oregon, Washington, Idaho and Montana trade tokens as well as saloon tokens from the entire country. You would see Gene at coin shows in all four states and was active in the bidding circle at the past METCA Show even though he was under the weather then. He will be dearly missed by the many, many collectors who enjoyed his fellowship throughout the years in the Pacific Northwest.

Our hearts and prayers go out to the families of Ron McFarlane and Gene Kirschten.

THE "FOR TRADE ONLY" PHENOMENON By Alan V. Weinberg

I've just received a letter offering me an Alaska token that I'd like to own. But it is available to me "for trade only". I'm angered because all along I've sold tokens and priced tokens to this collector. In return, what to I get? For Trade Only!

It is a phenomenon that pervades our hobby. And it is "strangling" the free flow of tokens to collectors who want them. It creates a huge bottleneck. Collector A has tokens that Collector B wants. Collector A will trade only but Collector B has nothing Collector A wants. Collector C does have what Collector A wants but will trade only. And neither Collector A nor B have what Collector C wants. Thus, all three collectors sit studernly with tokens they don't need for their respective collections and can't account those tokens they do need.

It's hard on the nervous system, isn't it? And it does create Wriction

and hard feelings among collectors who should be friends.

Another problem develops. Artific fally inflated prices. You'll recall the warning I expressed in my Chicago show/Clifford auction article concerning the hobby rapidly pricing itself out of reach for the average collector. Tell, a significant cause of the rapid rise in price of dairies, transportation, saloons, militarys, Post and Indian Traders, territorials, scarce/rare towns and the like is the pursuit of these by collectors interested only in obtaining good traders.

I've seen it in auctions, public and private, and I've seen it over and over again in my correspondence and phone conversations. Indeed, I'm quite

guilty of it myself.

So, for example, when a certain reasonably tradeable token comes up for public or private auction, instead of the 5 collectors compating who are truely interested in adding it to their collections, there are 20 collectors competing, most of whom really only want it to trade. What is even more disturbing is the fact that a determined collector will pay more than it reallies worth just to have it as a trader. This too is increasingly common.

Indeed, an intense collector, such as I, frequently will find that he is competing with himself! He wants a certain token coming up at public or private auction. He finds himself competing with several correspondents who

want to buy the token in order to trade it to him!

It sounds like a humorous problem. It isn't. It's discouraging and depressing. The way things are going, one day no tokens will be for sale. And everybody will be sitting stubbornly with arms crossed on a pile of toke. of no particular interest to themselves.

Sounds extreme. But ... could it happen?

A SHORT HISTORY OF TOKENS ISSUED BY JACOB AND ADOLF RINCK GREENBLUFF, WASH. AND MEAD, WASH.

----BY_JOHN_CALHQUN____

Jacob Rinck came to the United States from Germany in 1889 and homesteaded on 160 acres at Greenbluff, which is near Spokane, Washington. He soon built a log cabin on his claim. He named his place the Greenbluff Fruit and Vegetable Farm. He set out an orchard, planted strawberries, also raised hay and grain. In the year 1909 he built a permanent home on his claim.

One day, while Mrs. Rinck was out in the fields helping her husband put up hay, she had to stop what she was doing, in due time she gave birth to their son, William J. Rinck, under a pine tree in the hay field.

The Greenbluff Fruit and Vegetable Farm token was made of round aluminum, 23mm and good for 8 boxes. The "8 boxes" stood for 8 quarts of strawberries per strawberry carrier. Each time a picker had a full carrier, it was good for one token. At the end of each day the tokens were cashed in.

A cousin, Adolf Rinck, came from Germany in 1908 and purchased one half of the original homestead from Jacob. He continued to raise the same crops, but called his farm the North Star Fruit Farm. Adolf also had tokens made for his pickers. They were round aluminum, 23mm, good for 8 boxes. When Jacob and Adolf Rinck died in the 1917 flu epidemic, the use of the tokens was discontinued.

The original hole is still owned by some of the Rinck descendants, who still live in the house.

TERRITORIALS, POST TRADERS & SALOONS

I'm a serious collector of Territorial tokens from Wyoming (W.T.), the Dakotas (D.T.), Montana (M.T.), Arizona (A.T.), Washington (W.T.) and most other Territorials ... except for Oklahoma. I will pay \$200.00 and up for ANY Territorial token and into 4 figures (\$1,000 plus) for the rarest of the rare.

Also wanted: Post Traders, Saloor tokens (including saloon "mavericks" ... send 'em on ... I'll pay good money for saloon mavericks), early classic style military tokens, and rare Alaska tokens - particularly the gold nugget tokens. I'm quite willing and able to pay TOP market price. Contact me.

I also avidly collect mavericks and will pay good prices for your accumulations of nice old mavericks ... one or hundreds of 'em. I'm not afraid to pay \$5, \$10 or much more for a maverick that has a nice style and appeals to me.

Note: I will also trade to obtain good tokens for those few of you that don't place any value on cash money.

THE PASSING OF M.E.T.C.A. MEMBER

Gene Kirschten, age 51, of 1102 12th street, LaGrande, died, Saturday, May 1st at the Grande Ronde Hospital.

Mr. Kirschten was born on February 2, 1930 at Baker, Montana, the son of Mike and Larene (Hibbert) Kirschten. He graduated from high school in 1948 and attended Carroll College until enlisting in the U.S. Air Force in 1949. After leaving the service in 1954 he attended Eastern Montana State College. He later owned a small business in Baker, Montana until it was destroyed by fire. He moved to Wallowa, Oregon where he operated youth recreation parlors in both Wallowa and Elgin. He later worked for a company operating vending machines and handling food wholesale supplies where he worked up to general manager.

On April 27, 1974 he was married to Isabelle Fergel at LaGrande. He was a member of Our Lady of the Valley Catholic Church; LaGrande Eagles Acrie #259; was a 25 year member of Knights of Columbus and was an avid coin and to ben collector. He held the position of Oregon's District Representative for the American Numismatist

Association. He served two years as President of the P.N.N.A.

Survivors include his wife, Isabelle Kinschten; father and mother, Mike and Larene Kirschten; daughters, Mary Ann Wangler, Dorothy Tuck, Delores Harmon, Eva Jane Harmon, Deborah Irene mcBride; brothers, Jim Kirschten, Frank Kirschten,

Joe Kinschten, 15 grandchildren and other relatives.

Recitation of the Rosary will be held on Monday, May 3rd at 7:30 p.m. at Daniels Valley Funeral Chapel. Requiem Funeral Mass will be held on Tuesday, May 4th at 11:00 a.m. at Our Lady of the Valley Catholic Church. Requiem Funeral Mass will also be held on Wednesday, May 5th at 9:00 a.m. at the Catholic Church in Baker, Montana with concluding services to follow at the Bonnievale cemetery in Baker.

Isabelle Kirschten and the family want to thank all who sent cards and letters

and for the prayers for Gene.

A special request is made by Isabelle and the family that you do not call or write about Gene's token collection, as everything is in Limbo and will be for some time to come.

Gene Kirschten was a very good token collector and a very good friend to this collector. I know that he will be missed as every coin show in the Northwest was blessed with his presence and always saw that smiling face come by every table to say "hello" and he was always looking for that special token.

If anyone wishes to donate to the Cancer Fund in Gene's memory, send donations

to his address.

Thank You

John Cathoun M.E.T.C.A. #88

TOKEN DIE SALE

RARE

FOUND. Puget Sound dies thought to have been sold for scrap have been found by West Earth Inc. and a few are herein offered for sale under minimum bid. Other offerings will be made in the future and those collectors who are interested in specific token dies not offered here may inquire by writing SASE to the address below.

Puget Sound Stamp Works now Pacific Coast Stamp Works are thought to have struck as many as 80% of Alaska and Washington state tokens. These are currently being catalogued for registration with TAMS and eventual publication.

For the thousands of tokens struck of a particular design and value usually there existed but one obverse and often one reverse if the reverse contains specific information pertaining to the obverse. In many instances however were the reverse designated only a value or information of a general nature it could be used for more than one token.

These token dies are a unique addition to a token collection as these are truly the originals and in many cases are proof of authenticity. These are truly one of a kind.

TERMS: Money back Guarantee with return of die if not satisfied. Observe minimum bid (MB). Will add postage and insurance (1/2 lbs/die). Bid closes 4 weeks from date of publication. Notification of successful bids will be mailed on the 5th week unless bid indicates to ship COD.

MAIL TO: West Earth Inc., 406 Dexter Ave. N., Seattle, WA 98109 ATTENTION: Raoul LeBlanc, (206) 624-0014

I NEED TO PICK YOUR FILES

I am gathering articles on towns, merchants, businesses, tokens etc. from Washington State. I would like to create a publication for token background and research. I would appreciate a copy of any articles in your files pertaining to Washington State or the Pacific Northwest. I already have the following articles:

Three Molsons; Sourdough Lils - Skagway; 4 L Lumber Camas (Saunders & Egnew); Burlington Wash. restrikes; Old Ironsides; Once Jonesville, now Neilton; Puget Sound Stamp Works; Chimacum, Where?; Port Hadlock, Wa .: O.F. Kelly tokens of Deer Park, Wa.; Point Roberts, Wa.

Thanks for your help

EDITOR'S ECHOES

Please note the address change of LEE NOTT - , PO BOX 5157, APO NY 09012.

The IKO-TAMS ANNUAL SHOW IS OCTOBER 23-4 in ENGLEWOOD (DAYTON) OHIO.

OCT. 1 & 2 is NCSA NATIONAL CONVENTION TIME - RAMADA INN AT MADISONVILLE, KY.

John Cheramy Coins, P.O. Box 5214, Station B, Victoria, B.C. Canada V8R 6N4 has a nine page September listing of Canadian tokens and medals for sale. Included is a mail bid of 83 Canadian Trade Dollars with a deadline of Oct. 18. Get on his mailing list.

John Cheramy notes in his Sept. List the availability of - The Supplement to Bowman's Trade Tokens of Ontario (published by C.A.T.C. 1982). The book is an amalgamation of all the supplements which ran serially in the CEETEE from April 1973 to Sept. 1981. A most handy check of trade tokens not listed in Bowman's 1972 Edition. The book is available through John at \$5.00 postpaid.

Dick Grinolds, Box 18002, Minneapolis, MN 55418 has an outstanding selection of saloon and bi-metal tokens in his latest exonumia list. \$2.00 will get you his next four sales.

S.L. Steinberg, Box #512, Malden, MA 02148 has 139 items of exonumic and numismatic interest in his latest list.

Williges, POB 445, Wheatland, CA 95692 has a huge inventory of tokens at fixed prices in his latest offering.

Charles Kirtley, PO Box 2273, Elizabeth City, NC 27909 has List No. 31 containing 13 pages of choice material from various exonumia areas, i.e. HT, CWT, and one of the largest group of SUTLER tokens to appear in years.

The Sept. issue of ATC & PN (Alaska Token Collector and Polar Numismatist) features a local history feature - Eadie, Queen of the Kenai. To join ATC &PN send \$5.00 to NSA Inc., PO Box 2832, Fairbanks, AK 99707.

Please note in the classified section the ad for the OREGON TOWN CHECK LIST.

Bill Fowler is seeking information on unlisted TEXAS tokens to complete manuscript on the SECOND SUPPLEMENT OF TRADE TOKENS OF TEXAS. Please note his ad in the classified section.

Please note GEORGE HOSEK is selling two 1982 NEBRASKA books - TRADESTOKEN TOWN RARITY LISTING for \$5.00 and 3,400 Place Names (of Nebraska) for \$7.50, both postpaid. See his ad in the classified section.

The NEBRASKA TRADE TOKEN RARITY LIST is an updated edition of the April 30, 1980 booklet (with many new features). It lists the count of tokens in the collections of 31 NE token collectors. Individual attention is given to BBC, Bi-metals, CCC, GF Mirrors, military, saloon, prison, multiple town, and other areas Pages are also decorated with selected token rubbings. For the price it is a nifty visual guide for NE token rarity. The state rarity guide is great for those collecting NE and equally valuable to non-NE collectors as a guide to their finds for trading or selling purposes. I really like the individual attention given to the various special types of tokens.

It was my pleasure to meet METCA member, Dana Roberts from NY, who was visiting the Pacific Northwest. Dana collects Central American tokens and was able to secure a couple during his visit.

It was nice visiting with Mr. and Mrs. Sonny Cranson from Juneau, AK at the Bellevue Stamp Show. The Cransons collect CA and MT tokens and were able to visit with Gene Whittington, MT and ND collector from Bellevue, who was visiting with me at the show.

There are still a number of you who have not paid your 1982 METCA dues. It is not too late to get your \$8.50 in to help with the last few issues.

Thanks to AL NYSTROM, MIKE SHONG, AND GENE WHITTINGTON for their help in getting back issues of TRADE TOKEN TOPICS ready to make available to the membership in the near future. Back issues will be available at no cost; you will have to pay third class postage for their shipping.

Due to the state of the economy and the paucity of choice exonumic material there will be no METCA or Pacific Northwest Token and Medal Show this year. I regret making this announcement, however, it is necessary this year.

Attention PNW collectors — we are tentatively planning on a token get-together at the home of Al Nystrom on October 30th from 3 — 11 P.M. in Seattle. We hope to have a long day of trading, buying, and selling. We will plan on eating chicken for dinner so we can carry on with the fellowship and all. For further information contact Bary Bender at 752 N. 74th, Seattle, Wa 98103 or call at 782 — 5769.

I wish to thank all of those who have sent warm letters in regard to my efforts as editor of TRADE TOKEN TOPICS for METCA simple November of 1977.

I wish to thank Lee Nott and Joseph Schmidt for their efforts as corresponding editors for their respective columns - METCA MAVERICKS and UNUSUAL TOKENS over the years. Their work for the past several years has been sincerely appreciated by me, and has been a tremendous service to METCA in fostering the hobby of token collecting. Their untiring efforts have been greatly appreciated by all. I have never personally met either of the gentlmen, however, I have a great deal of respect for both of them for their labor of love for METCA, and have enjoyed their friendship through correspondence and telephone conversation over the years. Thanks to both of you for your faithful service. Thanks go to Bill Clapper, Al Zaika, and others who have supported METCA over the years.

The revised, 1982 edition of the "Index to TAMS-listed Mavericks" is now available for distribution. This idex, consisting of 290 pages, 8½" x 11", is an alphabetical listing of the first 10068 maverick tokens listed in the Mavericks Column of the TAMS Journal.

Mavericks are tokens in which the location of the issuer is not shown on the token. At the time of listing this location is unknown. Subsequent to listing, many mavericks are attributed by other collectors. This information is included for mavericks which have been attributed. Where attribution has not been reported, space is provided for addition of the attribution later on as it is reported.

This index is a valuable tool for anyone attempting to attribute maverick tokens. Limited to 200 numbered copies, it is priced at \$12.50 per copy ppd & insd and is available from the publisher/compiler: Sam Ruggeri, F O Box 145, Canton, Ohio 44701.

International Organization Of Wooden Money Collectors

Dedicated to the Advancement of Wooden Money Collecting

I.O.W.M.C. INFORMATION SHEET

Dear Collector Friend:

To better inform you of the International Organization of Wooden Money Collectors (I.O.W.M.C.), we are presenting you with the following information. We hope it will encourage you to join our facinating organization.

The I.O.W.M.C. had its beginning July 10, 1964 with a Newsletter sent to anyone interested. Our first annual meeting was held in August 1964 at Cleveland, Ohio. All members paying dues prior to December 31, 1964 were noted as Charter members. The Charter was closed at that time with 250 members.

The official publication of I.O.W.M.C. is Bunyan's Chips, which is issued to members eleven times per year. It is for the use and enjoyment of the membership. It is informative and educational and carries articles on both old and new issues of wood, events, and our members. Articles regarding wooden money are welcomed by the Editor. Members may list their wants regarding wooden money free if it is not of commercial nature and doesn't exceed 10 items.

Most of our members started in a small way. Some collect "home state" issues while others collect Official Issues of cities and towns for Centennials and Special Events. Semi-official issues are issued by an individual in connection with the above. There are hundreds of private issues that sell for as low as 15¢ or 2 for 25¢. All of them are very interesting. The Official and Semi-official issues command a higher price. Collecting wooden money is the fastest growing hobby in America. Wooden money displays at coin shows and conventions are winning top honors.

Since the beginning, one official meeting has been held each year during August in conjunction with the American Numismatic Association with one exception. In 1974, we held our own "All Wooden Money Convention" in Columbus, Ohio. This was the largest collection of wooden money ever displayed at one time anywhere in the World.

Dues are only \$5.00 per year from January 1st through December 31st. If you join prior to July 1st you will receive Bunyan's Chips for the entire year. If you join after July 1st you will only pay \$2.50 dues and receive Bunyan's Chips from July through December.

Collecting wooden money is facinating and educational. We invite you to become a member of I.O.W.M.C. and enjoy the pleasures we have found in our facinating hobby of collecting wooden money.

Please fill out both applications forms and mail with your check (made out to I.O.W.M.C. to the I.O.W.M.C. Secretary.

Thanks for your interest.

UNUSUAL TOKENS

ALUMINUM 25MM ROUND

OBV. FRED GEITZ & SONS / HABERDASHERS / AND / HATS 414 N. 7TH ST. / ST. LCUIS

REV. GOOD FOR / $2\frac{1}{2}\phi$ / IN COLLARS

Got this in the mail from Chuck Littlefield of St. Louis, ${\tt MC}.$ along with this note:

Enclosed an impression of an odd piece - St Louis has some dandies! Found Fred Geitz in an 1882 directory. Around 1900 his sons were listed. He had another shop at 3755 S. Jefferson in South St. Louis, the above a downtown address. Haberdashers until about 1911, later the sons were in house furnishings.

Another instance of tokens reflecting history! Haberdashers are still around, their numbers probably few, though, and none put out tokens anymore.

OBV. THE / E.R. BURNS SAW / CO. TORONTO

REV. TRADE / B (WITHIN STAR) MARK / EST. 1883

The description of this piece sent in by Al Zaika is necessary because a lightly incuse lettered and numbered piece is not conducive to rubbing! It is 28MM, steel, center holed and in the shape of a saw blade, similar to others featured in this column. These would make an interesting display or collection!

From Lew Egnew a letter concerning the lack of Oriental tokens with struck characters:

Few people working for a die sinker's firm had stamps or people who could render these characters... the Oriental alphabet having thousands of different characters and dialects. Even a slight variation would change the meaning in sometimes a most embarrasing way! Only San Francisco with it's large Oriental population had the volume of business to do the extra tedious work in preparing the dies.

An excellent and probable diagnosis, Lew, thanks for writing and forgive my editing! It is true that a friend in the service once sat down in a Japanese restaurant and ordered a type of chicken only to be brought a lady of the evening!

UNUSUAL TOKENS

by Joseph Schmidt

OBV. D.S. BROWN & CO. / FINE / SOAPS / NEW YORK

REV. (EAGLE)

ROUND 25MM WOOD 7MM THICK

This piece rubbed poorly due to the striking, or impression if that word applies to wooden pieces! I obtained this from Steve Alpert's latest mail bid sale and couldn't resist featuring it. Why was it a full 7mm thick? Then again, why wood when 99% of early storecards were made of metal? Can anyone help with these questions and perhaps provide info about the firm? Write Steve at Box 66331, Los Angeles, CA. 90066 for his next sale, too.

OBV. JOURNEYMAN HORSESHOERS / UNION

REV. 5 (WITHIN CIRCLE OF STARS)

ROUND 24MM BRASS

Richard Coy obtained this from a party in Louisville, and believes it may have some connection with Churchill Downs. Can anyone help? This is a most interesting piece and one of the better archaic theme tokens I've seen. Concerning this columns NOV-DEC 81 IXL piece, it is from Seattle circa 1907.

IXL was a popular Seattle name, evidently. Thanks to Bob Farrell for the ID!

ALASKANA TOKENS ALASKANA TOKENS ALASKANA TOKENS

If you have Alaskana to sell, especially Alaska pre-statehood tokens, please drop me a line. Before you make a firm deal, try me.

I have been a serious collector of Alaskana for nearly 25 years. The pre-statehood tokens have been my main collecting interest. I was co-author of Whitman's 2nd Edition of Alaska's Coinage Through The Years and have written many short articles over the years.

I am as interested now as I ever was in acquiring Alaska tokens for my collection. I would like to buy tokens, and have various types of Alaskana to trade.

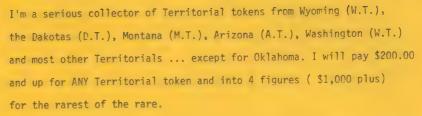

ALASKA

TERRITORIALS, POST TRADERS & SALOONS

Also wanted: Post Traders, Saloon tokens (including saloon "mavericks" ... send 'em on ... I'll pay good money for saloon mavericks), early classic style military tokens, and rare Alaska tokens - particularly the gold nugget tokens. I'm quite willing and able to pay TOP market price. Contact me.

I also avidly collect mavericks and will pay good prices for your accumulations of nice old mavericks ... one or hundreds of 'em. I'm not afraid to pay \$5, \$10 or much more for a maverick that has a nice style and appeals to me.

Note: I will also trade to obtain good tokens for those few of you that don't place any value on cash money.

Missing Portland, Oregon (??) Amusement Token Manufacturer
By Ken Smith

From the state of Oregon there appears small letter types of reverses on amusement tokens that are almost unique to Oregon tokens, and especially to the Portland, Oregon Area. The first type reads in small letters NO VALUE, FOR AMUSEMENT ONLY and appears on Ore 115PBH, 205BES, 530VIN, 530YAM, 570CLA, 570LAN, 700IRV, 700WAL, 700WES, 700WIO, 740RIC, 885TIM, 885TIO, and Wash. 705PSA with varieties Ore 530VIR and 975VIN. The second type reads in the small same letters FOR AMUSEMENT ONLY, NO VALUE and appears on ORE 310ELK and 700POR. The Third type in same small letters reads AMUSEMENT ONLY, NO VALUE and appears on Ore 570LLA. When we can find a party that can investigate the Portland, Oregon and vicinity records of the 1920's and 1930's we will probably find the manufacturer of these tokens. The following unidentified tokens have the same reverses and are probably from the same area. These are Unidentified: (1) BTC, Property of B.T.C. (2) CAT, Cascade Amusement Co (3) CAZ, Cascade Sales Co. (4) COA, Coast Amusement Co. (5) DAB, D (4stars) (6) ELO, B.L.ELLIS (7) GRK, W.L.Green.

Also from the Portland, Oregon area there was apparently a token mfg. who made 21mm tokens with identical obverses and reverses similiar to those of the Northwestern Stamp Works of St. Paul, Minnesota. Whereas, these Minnesota tokens were made for amusement machines the Portland tokens were apparently merchant tokens. Your editor by noting the die work is able to detect which are apparently the Portland tokens.

Also from the Seattle, Washington area there was apparently a token mfg. who made 21mm tokens with identical obverses and reverses except that most of his tokens have either a large center hole or a letter punched out of the center. These Seattle tokens are mostly merchant tokens. I need the assistance of collectors who have lists of Portland and Seattle merchant tokens to compile a list for the Jackpot of those area tokens that have identical obverses and reverses.

The time is coming to issue a second edition of the amusement token catalog. Steve Alpert and I will start this year to compile it with all new discoveries and information added. This second edition to be put out hopefully in early 1983. This time we plan to go with the same printer that printed the A.V.A. Atwood transportation catalogues and both my Foreign Transportation token catalogues, with the same quality printing and paper as in my foreign transportation token catalogs. We need your help to turn in all new discoveries you find that are not previously listed in catalog or the supplements.

Please send all probable new Minnesota, Nevada, and Foreign except Canada new listings to Ken Smith. Please send all other new listings to Steve Alpert. Minnesota alone has accounted for almost half the new listings we are getting, and I came from the Twin Cities and knew personally 39 years ago the owner of the manufacturer of most of the Minnesota tokens.

A FASCINATING DISCOVERY!

Over the years I've seen and handled a lot of good-for-trade mirrors, a lot of saloon tokens, and a lot of territorial tokens, but nothing like this! Recently, something arrived in the mail that I've been chasing for three years. It is a very-probably-unique Good For 12%¢ In Trade pictorial celluloid advertising mirror issued by the ARCADE SALOON, HOBART O.T. (Oklahoma

Territory). The center picture is a colorful scene of a balding, white-bearded, old gentlemen with pants suspenders down, stooping down, peeking through the keyhole of a bathroom door at a young lady with bare behind stepping into her

This rather risque scene is known to appear in variations in other goodfor mirrors, though the scene is very rare. Jim Wright of Colorado exonumia fame tells me that a picture of a Colorado Good-For Mirror depicting a similar risque scene was censored by TAMS in Jim's classic Colorado mirror article, TAMS February, 1979 issue.

Themirror depicted in this article is, to the best of my knowledge, the only known extant pictorial GOOD-FOR SALOON TERRITORIAL (territorial indic-

ated) ADVERTISING MIRROR. It will date approximately 1905.

EAGLEDALE - CREOSOTE, WASHINGTON

Across the harbor from Madrone (Winslow) is the community of Eagledale (once called Southside). It was named Eagledale in a contest won by Ed Sivertsen, who received a pair of gold cuff links with eagles on them for the name. In 1875, Mike Taylor's logging camp was located on the south side. His was the first homestead on Eagle Harbor. Creosote Point was once planted in potatoes. Captain Sadler, in 1881, bought some land near where the creosote plant now stands. In 1883, he operated a brickyard until about 1887. Mr. Sadler was a well known ox voke maker. Mr. Reeve settled in 1884. Later, Mr. Reeve's son built a little school which was known as the Chapel. Before that time the children of the Southside had been going to Madrone to school, traveling by rowboat. Mail was carried by horseback from Port Blakely on trails and across to Madrone by rowboat. There was a boat building center along the beach where the Captain Holger Christensen home is now on Rockaway Beach. They built boats, to be assembled later for the Gold Rush trade in Alaska. There was a sandpit west of the creosote plant at Parker's Landing, owned by Mr. Parker. The sand was used to put around the wooden bricks which were once used on Seattle streets, enabling the water to soak into the earth between the bricks in rainy Seattle weather. A cross arm factory was located near Creosote.

The stores in Eagledale were at P.S. Rose's and Ward's Landing.

They handled grain, feed, groceries. The Rose store was located

across the road from the school. Then, when the Creosote plant was built, they also built a large grocery store and also operated a grocery store from Winslow. They delivered groceries to any part of the Island by a team of horses and wagon. It was an all day trip to deliver groceries to Port Madison and back from the Creosote store. If you wanted something different you had to row across the bay to the store on the old dock in Winslow, or walk to the Port Blakely store. The Blakely store handled dry goods and shoes, or you could ride the steamer to Seattle for 25 cents. The boat to Seattle made two trips a day.

Eagledale and Creosote were also settled by men working in the Port Blakely Mills with small farms. "New Sweden" was settled by some of these men. Fishermen settled in Eagledale where their boats could be anchored in the bay. Eagledale was a pleasure resort and boat excursions often stopped there, where picnics, dancing, and swimming were enjoyed. The boats carried pleasure seekers back and forth through the day and left after midnight. The music from the dance hall, which was on the hill near the Eagledale dock, floated across the water to Winslow. Later, the dock was discontinued, and boats did not stop there. One resident brought a funeral wreath and placed it on the dock when the boat made its last trip.

About 1904 there was a creosoting plant at Port Madison.

In 1905 it was moved to its present site, Creosote, and was called the Pike Preserver Company. The original method of preserving logs

and poles was by wrapping burlap and asphalt. The name was again changed to Pacific Creosoting Company. The manager and organizer of the company, Mr. Rood, was lost in the Titanic disaster. In 1906 Horace C. Henry became owner-manager of the Pacific Creosoting Company. The families of those employed lived in a neat row of company cottages on the hillside behind the plant. They also had a company restaurant and a company bunkhouse.

In 1908 the first post office was opened at Creosote with Ina Lovitt as the first post mistress. In 1884 J.M. Colman started the J.M. Colman Co. at the foot of the present Denny Regrade, on Elliott Bay. He began selling treated piling throughout the Seattle area. He moved his plant to West Seattle in 1907 where it is still in operation today. For approximately 25 years, these two companies competed with each other and shipped their products to customers around the world. As railroads expanded and moved west, they provided treated railroad ties for James J. Hill's Great Northern and Northern Pacific Railroads, and Seattle's first railroad, the Seattle Walla Walla, a narrow-guage line that ran eastward to the coal fields of Renton and Newcastle. In 1930 West Coast Wood Preserving Company was formed as a leasing and operating company to handle both the Colman and Henry plants. In 1947, Walter Wyckoff, acquired the Colman interest. Twelve years later Wyckoff and J.H. Baxter bought out the Henry families interest and two new partners changed the company name to Baxter-Wyckoff. In 1964 Wyckoff bought out the Baxter interest and changed the name to the Wckoff Company.

The companies two plants, one in West Seattle and the other at Eagle Harbor gave Wyckoff one of the largest single treating facilities in the United States. Using the most modern treating processes, the firm served a wide variety of customers throughout North America and in various foreign countries.

Credit for all the information in this article goes to:
Kitsap County Historical Society
The Wyckoff Company
W.R. Grow who provided the tokens pictured here.

The two tokens are part of the history of these two interesting and historical towns.

REVIEW OF THE BOSTON NATIONAL COLLECTIBLES EXPOSITION/ANA CONVENTION

by Alan Weinberg

I'm sitting aboard a Continental flight enroute to Burbank, CA airport coming home after a hectic but thoroughly enjoyable week and a half in Boston attending the Hartzog-Cunningham-Reznick National Collectbles Exposition and the American Numismatic Ass'n. convention.

As was true for the May Chicago exposition, this Boston show was superbly handled with excellent bourse facilities, well-lighted and spacious, extensively advertised and very well attended. The attendance of known collectors and dealers was greatly swelled by the ranks of collectors and dealers attending the nearby Boy State and ANA coin conventions. I daresay we exonumists gained a few converts as these numismatists viewed tokens, medals and collectibles that are far rarer, more fascinating and much less expensive than "rare" coins. After all, isn't this how many of we exonumists entered the hobby, having tired of "rare" (and expensive) coins?

Well over 100 token, medal and collectibles dealers and collectors (actually these labels are rightly intertwined) displayed their goodies.

I saw, among so many others, Harv Gamer, Larry Elman, Dick Grinolds, Gay Lipscomb, Joe Levine, Dave Schenkman, Paul Koppenhaver, Hal Dunn, Walt Korzick, John Heleva, Benj Fauver, Rex Stark, Rich Rossa, Steve Tannenbaum, Marilee Sager, Jerry Schaeper, Tom Hitt, Ray Van Ormer, Dave Dreyfuss, Dick Johnson, Chris Jenden, Hedley Betts, "Doc" Carberry, Mike O"Hara, Jim Shipley, Milt Neitman, Dick Hanscom, Ron Gillio, Ron and Dan Benice, Ben Odesser, Dick and Candy Powell, Mark Greengold, Werner Mayer, George LaBarre, Kurt Krueger, Harry Forman, Rith Bauer, Ken Rendell, Dick August, Herman Aqua, Lon LaRiviere, Les Burzinski, Natalie Halpern, Byron Hoke, Bob Levin, and so many others.

I have only 2 criticisms, one out of the hands of the exposition's sponsors.

First, the "officially" recommended Park Plaza Hotel (owner of the adjacent castle where the show was given) was a 60 year old refurbished hotel that had unsatisfactory rooms at absurd rates (no special discounts as advertised for the show). Nor was there a "free" shuttle bus from the airport as advertised. After one night I moved right up the block to the much nicer and less expensive "57" Howard Johnson.

Secondly, there were four exonumia auctions held one after the other Saturday afternoon, all associated with the Collectibles Exposition. They conflicted with the collectibles bourse and the four sales represented, in my opinion, just too much exonumia auctioned over too short a time.

There was no pattern to the prices realized. Some were too high, some low. I will say that the \$3,300 price realized (legitimate sale, not a reserve) for the Oconomowoc Wisconsin Civil War Token was startling! An auction record for a CWT.

A lot of goodies changed hands on the bourse floor. I acquired a Ft. Laramie, Wyoming Territorial Post Trader for \$875 and a rare variety Lesher Dollar.

The ANA convention bourse was not rewarding. Very little "fresh" exonumia was available. Everyone commented similarly. The coin market depression was apparent and coin dealers, desperate for any business, exhibited a marked contrast to the bias-against-exonumia attitude previously exhibited.

Still, I did hear some vivid protests from coin dealers against exonumists. Several coin dealers told me they'd never bring any token albums or

boxes to the ANA bourse or any coin show. They'd seen exonumists cover their showcases with token reference books and "paw" through hundreds or thousands of tokens for hours on end, thereby blocking the exhibit and sale of better profit margin coins exhibited for sale in the cases. Perhaps, they've got a point.

Anyway, the trip was a pleasure to see so many tokens for sale instead of "trade only". And the hob-nobbing was great.

The next collectibles exposition is scheduled for December in Chicago. In between is TKO-TAMS. I don't think dealers and collectors "turn" their stocks that often. Are these shows coming on us too often? They are great fun. I hope not.

HAPPY THANKSGIVING

Dec 11th & 12th, 1982 is the date of the FALL NATIONAL COLLECTIBLES EXPOSITION to be held at Chicago's McCormick Inn.

In this issue Gene C. Whittington shares with the membership a handy reference sheet on Forts and Camps of Dakota Territory.

Congratulations to CATC (California Association of Token Collectors) - they celebrated the completion of their first quarter century.

Congratulations are in order to AVA Fare Box editor, John Coffee, for his devotion to AVA in editing 425 issues of the FARE BOX and his work on the new Atwood-Coffee catalog.

Congratulations to Donald Punshon of Chicago for receiving the FARE BOX literary award (AVA) for his excellent article on "The Chicago Street Carattes".

Bill Fowler, 2402 Pickwick Lane, Austin, TX 78746 need help in completing manuscript for the SECOND SUPPLEMENT TO TRADE TOKENS OF TEXAS. Please forward information on unlisted tokens.

Terry Trantow reports that the new OREGON merchant token catalog will be out in 1983. And he also reports that he is ninety percent done on his book on OREGON MEDALS & STORECARDS which will come out after the merchant token book.

It was nice visiting with Robert Britch, Alaska token collector last week as well as seeing Mr. & Mrs. W.E. Nickell in October at a local coin show. Had nice chats with Ron Benice, Henry Keene, Jr., Lauren Iseki, Jim Hemphill, John Cheramy, Jack Haddock, Jack Harvill, John Taylor, J.D. Williams, Mike Barnhart John Calhoun and Blake Godfrey since the last issue.

SCRIP TALK notes that the next national convention of NSCA is April 29-30,1983 at the Sheraton Inn, Bluefield, West Virginia. For reservations: toll free 1-800-325-3535 or 304-325-6170. Mention NSCA as they have a block of rooms reserved.

Dues for NSCA for 1983 - \$5.00. Please forward to Walt Caldwell, P.O. Box 29, Fayetteville, West Virginia 25840.

Paul Jensen has a five-page article on coal mine postcards in the November issue of SCRIP TALK.

Editor Walt Caldwell shares an interesting pair of paper Americana related to mine guards in the West Virginia and adjoining states (Nov. SCRIP TALK).

The Fall 1982 issue of THE COPPERHEAD COURIER, journal of the Civil War Token Society, features some interesting articles and reports. It is also time to renew membership on CWTS - \$5.00. Renewal notices will be sent out to current members. Non-members should enclose \$5.00 to CWTS, % Cindy Grellman, Sec. CWTS, 670 Korina St., Vandenberg AFB, CA 93437.

Please note in the classified ad section the availability of TEXAS #50M, a good transportation token. The cost is \$5.00 for the token available between now and January 31, 1983. All proceeds go to AVA.

The OREGON Checklist is for sale at \$3.00 from Jim Hemphill, P.O. Box 1321, Lake Oswego, OR 97034.

A new show for the fall is scheduled for December 11 and 12, 1982, at the Chicago McCormick Inn.

Open letter to the membership --

My thanks to Bary and Jan Bender for keeping METCA alive these past several years. They have provided our hobby a significant service by insuring a merchant token collectors' media that kept us informed of sales lists, new catalogs, and new collecting interests. I also appreciate the many long hours they spent administering the Dunham estate sale. Joe Schmidt, Bill Clapper, Al Zaika, myself and others contributed in a small way, but we all recognize that Bary and Jan carried the heaviest part of the load assembling and mailing TRADE TOKEN TOPICS, keeping up with membership fluctuations, and working their hearts out on our behalf. We owe them both our gratitude for the service they provided.

John Calhoun has two mail bid sales in this issue, both with some scarce material. Be sure you keep your bids straight as they are completely separate sales — mail bid sale #1 and special sale. The quality of the two sales is exceptional.

METCA wishes you and yours a Happy Holiday Season and a New Year filled with richly deserved blessings.

OCT 30, 1982 SEATTLE TOKEN MEETING: Thanks to Al and Nina Nystrom for being dracious in sharing their home for an afternoon and evening of token fellowship. The following 25 attended the 3PM-11PM affair: John & Bonnie Calhoun, Mike Patton, Al Erickson, Kenny Kriete. Wally Stier, Pat & Helen Young, Glenn & Audrey Rome, Mike Shong, Lew & Helen Egnew, Lyle & Virginia Horst, Gene & Marne Whittington, Bob Farrell, Cliff Brehan, Del Cushing, Les Albright, Bary & Jan Bender, and Al and Nina Nystrom. We had a potluck dinner and lots of trading & fellowship. All attending thoroughly enjoyed themselves. Al & Nina were presented with a nice wall plaque from the Pacific Northwest Collectors for all their efforts in helphing METCA and co-hosting the Pacific Northwest Token & Medal shows the past few years. Bary & Jan were presented a wall plaque clock for their efforts as editor of METCA from Nov 1976 through Dec 1932 by the Pacific Northwest Collectors.

Thanks to John & Bonnie Calhoun for spearheading the award presentation. Both receiving couples were completely surprised.

It was our privilege to host the get together meeting of the Pacific Northwest Token Collectors & members of METCA on October 30th. We are happy to say that a good time seemed to be had by all. We were also very much surprised to be presented with a lovely plaque for our help on METCA over the years and would like to thank all who participated. Deserved or not it was much appreciated. Al & Nina Nystrom

Jan & I sincerely thank all of you who contributed to the wall clock. Needless to say, we were pleasantly surprised and thankful to have such appreciative friends.

John Calhoun requests those wanting pictures of the Oct. 30th meeting to let him know as soon as possible so he can put in a one shot order for the necessary number of photos needed.

This is the last METCA issue of Trade Token Topics. I have been editor for METCA since Nov. 1976 and have thoroughly enjoyed the challenge, the fellowship, and the service to the membership over the years, however, I must confess I have grown weary of the demand on my time in a situation where I feel I haven't had the necessary time available to do the job with the energy level necessary to keep a regularly scheduled publication in the hands of the membership.

Now that ATCO (Active Token Collectors Organization) is sound and well-rooted I feel I can withdraw from the scene knowing that the promotion of merchant token collecting on a national scale is in the capable hands of ATCO editor, Bill Clapper. Bill has fresh ideas and is energetic, and is fully aware by now of the demands for his time attendant with editing a worthwhile national publication.

I wholeheartedly endorse ATCO and trust the membership that hasn't yet joined ATCO will do so in 1983.ATCO's address is P.O. Box 1573, Sioux Falls, SD 57101. Fifteen dollar dues per year is more than fair when you consider the effort and expense involved in getting you the quality and quantitative newsletter eleven months of the year on a regulated time schedule.

If you add the cost of postage, mailing envelopes, and printing costs for the size of each issue, you'll soon realize that editing a publication of METCA or ATCO's size is simply a labor of love.

I might add that the regularity of METCA's "Trade Token Topics" was greatly decreased because I tried to operate with low cost yearly dues. Postage rates alone rose from 6¢ (the first 9-12 page issues of METCA) to the average cost of 52% for 40-48 page issues. Postage every issue average \$300.00 while envelopes average \$45.00, and printing costs ranged from \$350 - \$500 for the large issues. With the membership ranging from 550-600 members you can readily see how difficult it is to operate on \$8.50/yr. I personally lost \$300.00 getting METCA back on its feet after the ten month hiatus after Ray Nadreau's editorship. I guess what I am trying to say is support ATCO and its editor; it is a labor of love. And don't be shocked at \$15.00 dues as they are entirely necessary to bring you what you expect to receive each month a regular, monthly worthwhile publication. Bill will need your support to giv you the quality, regularity and service you expect.

In parting I want to thank my wife, Jan, for all her help and support during my tenure as editor. She's done a lion's share of the administrative tasks attendant with over 1000 diff members over the years, and she has accomplished these tasks ably and without a lot of credit. Thanks, Also, to Al & Nina Nvstrom for their help over the years with all the hand-collating of over 4000-7200 pages each issue, addressing envelopes, stamping and all to get the issues out. A club has many members but not too many clubs have workers like Al & Nina Nystrom and not too many people have a family that has been as

supportive of my hobby as my wife & daughter, Diane, have. Thanks.

Thanks again to all the co-editors over the years - Lee Nott, Joe Schmidt, Al Zaika, Bill Clapper & others. Thanks to John Calhoun for being one of METCA's bigger boosters over the years. Thanks to Mr. & Mrs. Gene Whittington for their daily moral support these past few years when I was ready to throw in the towel. And thanks, too, to the membership for all your kind support over the years. I will continue to be active in token circles. I have referred all recent METCA inquiries to join ATCO, have mailed refunds to those who had sent in 1933 dues, and will mail back issues of TTT to those of you requesting them. There will be no charge for the back issues, simply bay the third class postage rate when they are mailed out to you. Some of you that have already sent in money or previously requested back issues, kindly remind me again.

ALASKANA TOKENS ALASKANA TOKENS ALASKANA TOKENS

If you have Alaskana to sell, especially Alaska pre-statehood tokens, please drop me a line. Before you make a firm deal, try me.

I have been a serious collector of Alaskana for nearly 25 years. The pre-statehood tokens have been my main collecting interest. I was co-author of Whitman's 2nd Edition of Alaska's Coinage Through The Years and have written many short articles over the years.

I am as interested now as I ever was in acquiring Alaska tokens for my collection. I would like to buy tokens, and have various types of Alaskana to trade.

Where has HORATIO been lately?

Horatio has been working on a comprehensive publication:

EXONUMIA SYMBOLISM & CLASSIFICATION

This lavishly illustrated, 368 page, hardbound book:

- Analyses the roots underlying many of the key symbols and legends which appear on tokens of the American Civil War.
- Challenges the traditional scope of Civil War Tokens by introducing a comprehensive system of classification of exonumia encompassing store cards, medium of exchange issues, counters, and political pieces -- including presidential campaign issues.

While approximately 25% of the over 850 high resolution photos in this book are devoted to tokens of the Civil War, the other 75% illustrate earlier, closely related examples of exonumia -- both British and American.

Order a copy of this classic work today. Place it on your coffee table before adding it to your library. The symbolically significant examples of exonumia shown on the multi-colored jacket together with the contents of the book are the best way to show your non-collector friends what exonumia is all about.

Send your check for \$60.00 per copy, postpaid, to: Oak Grove Publications, P. O. Box 521, Menlo Park, California, 94025. California residents add sales tax.

In memoriam

METCA member George Owen passed on September 25th of a heart attack while sleeping, ending a 2 year losing battle with cancer. A TAMS Board member and an avid numismatist for 21 years and exonumist for 10 years, George was my friend for 15 years and partner for 10. Many of you knew him and regret his passing on, and I'm sure his wife Ellen would appreciate condolences. The address is 2428 N. Lincoln Ave., Chicago, IL. 60614. What George told few prople should now be told and that's why I'm penning this short euolgy of sorts. This man was so multi-talented it defies the imagination! In his 68 years George was an excellent boxer, winning something like 80 of 88 fights and teaching this writer the sport well enough to acquire a similar record. Teaching was George's love. After earning degrees in music and English from the University of Texas, George went on to become, in the early 1940's, the number 1 ranked tenor saxophone player in the world, and number 4 with the clarinet. He played with the Dorseys, Goodman, and virtually all famous big bands. He often told me about a shy 17 year old girl who sang beautifully and was accompanied everywhere by her Mother - Dinah Shore! Counting among his friends Lionel Hampton, Gracie Allen, the Andrews sisters, Bob Hope (Whom he played for on a few of his trips to entertain the troops) and others I've forgotten, George always remembered and befriended everyone. I know the wino in the alley owed him nearly \$200! George was a giver, not a taker, passing out a smile, carrying pocketfuls of tokens and Indian cents to shows to give to youngsters. Often he drove to a show with everything in the trunk so he could take people! As a numismatist, his grading and sharp eye pleased all. He verified my discoveries of the second known 1854 over 3 quarter and the third known 1944 B over S cent with a firm belief in their genuiness accented by lengthy discussions about die characteristics and the like. Buddy Rich was asked on a Chicago TV show who he thought was a good arranger and he said George Owen was the finest composer and arranger he had known. This gentle man taught music free of charge for 25 years to anyone who was serious about it. As a cook, well, his fudge was so popular he cooked for months before Christmas, then gave it away to his friends. I can come up with more of this mans incredible talents, but the page is too short. I do know that a lot of harps for lefundt are probably sounding a lot better since George arrived!

REV: AGAINST REBELLION/1861/(SHIELD) UNION

Will trade or accept best offer in cash, whichever comes first. Joe Schmidt, 411 Hill, Dundee, Il. 60118. Preference for trade - anything! I repair old pendulum clocks & collect these, advertising thermometers, a nice type coin, and tokens of any type!

Thank you for electing me to the Board of Governors of the Token & Medal Society! I appreciate your vote and will act for the members who supported me and those who did not. I'm on the Board to take your ideas and see them through to fruition. Already I want to do away with the Presidents medal. It's self serving, often undeserved and costs TAMS \$1,500 a year sold out or not. I want a beautiful, framed document signed by the President's Officers and Board members attesting to his competence and costing less than \$100 to replace the medal. I'm backing the Edkins Coal Scrip book 100% and support Ben Fauvers excellent work on Kettle tokens. What do you want from TAMS? Write and tell me! Don't be apathetic! If I don't hear from you I can't do crap - putting it bluntly! So PLEASE WRITE! I WANT YOUR IDEAS! Also, 2,000 ballots were mailed out and only 743 returned, so 37% of TAMS members decided for the other two thirds who didn't vote. This is very sad. 20 votes could have put Chuck Littlefield or Ray Colbert on the Board and two others off. These two competent people suffered from the lack of voting and have contributed to the hobby. I'd like to see at least a majority of TAMS members vote. If you're a member and didn't vote, please do so in the next election. Australians turn out 97% strong to vote and consider it a privilege. If you don't give me feedback, I can't do my job. so let's hear from you - I don't even need a stamp! I'll also take calls at 312 - 426 5092, but not collect, please. Thanks again for your support,

TOKEN DIES MAIL BID SALE

Bid ends one month after Metca mailing. These are mostly Puget Sound stamp work dies with a few from Joseph Mayer Brothers made from 1909 to about 1960. They are one of a kind, so don't miss this opportunity.

Terms: Money back guarantee with return of die if not satisfied. The dies are all in good to excellent condition as they have been stored indoors. Observe minimum bid where indicated. Otherwise, if not indicated, the minimum bid is \$10.00. For handling, postage and insurance, \$1.00 will be added to the bid for shipping.

Notification of successful bids will be mailed on the fifth week from Metca mailing.
